“Discerning the Times in the Light of the Word...Since 1983!”

Who is Eric Barger?

After spending two decades immersed in the world as a record producer, rock musician, drug addict, and practicing New Ager, **Eric Barger** (pronounced *Bar-ger*) is now widely recognized in the area of Christian Apologetics and Discernment Ministry.

He is the author of numerous books, including the best-seller ***From Rock to Rock, Entertaining Spirits Unaware: The End-Time Occult Invasion*** (with co-author David Benoit) and ***Disarming the Powers of Darkness***. He has produced dozens of videos detailing various aspects of the Cults, the Occult, World Religions, Current Events, Bible Prophecy, and today's Entertainment Industry all in the light of a biblical worldview.

Eric has written for **USA Today** and has been interviewed by numerous print and electronic media outlets, including **Time Magazine** and **Fox News**. His articles are now syndicated on many biblically-based prophetic and apologetics websites and blogs.

After hosting his own weekly radio program heard nationally, Eric now serves as the co-host of **Understanding The Times** with **Jan Markell** heard currently on over 800 stations. Through the years, Eric has been a featured guest on hundreds of Christian and secular programs, such as **Southwest Radio Ministries**, **Christ in Prophecy** with **Dr. David Reagan**, **Point of View** with the late **Marlin Maddoux**, and many more.

October, 2016, marked the beginning of Eric Barger's 34th year traveling extensively across the US and Canada presenting his multi-media teaching and evangelistic "Take A Stand!" Seminars in conferences, churches, and Christian schools.

In 2017 Eric birthed **Take A Stand! TV** as a vehicle to broadcast pertinent teaching and interviews around the world online. Now, through both live streaming and archived episodes, **Take A Stand! TV** has become a major vehicle in presenting the ministry.

Through his writing, video productions, and the Take A Stand! Seminar series, Eric has sought to refute unscriptural ecumenism, universalism, the curious normalization of Mormonism, Islam, New Age philosophy, and other aberrant religious systems inside Christianity. However, no matter what the topic, the goal has been as our mission motto declares: ***“to see the Lost Saved and the Church Changed by the Power of Jesus Christ!”***

Eric Barger is an ordained minister with United Evangelical Churches. He serves on the executive and advisory boards of ministries such as Jan Markell's Olive Tree Ministries, Columbia River Fellowship, and the apologetics group, Saints Alive in Jesus. Eric and his wife, Melanie, have two grown daughters and four grandchildren.

Eric Barger Topics & Descriptions

(Partial List)

Is *Your Church* New Age, Emergent, or Christian?

What an astounding question! Just a few short years ago, few would have dreamed that by 2013 Evangelicals would be asking this of themselves. These are truly the “perilous times” the Apostle Paul spoke of when men would have “a form of godliness” but would be void of the power of God (II Timothy 3:1-5).

This comparison of New Age and Emergent beliefs against the backdrop of biblical Christianity will not only expose the many likenesses shared by New Age and Emergent philosophies but it will also help equip Christians with discernment in understanding and recognizing real, authentic Christianity.

The End-Time Occult Invasion – 2017 Update

Adapted from Eric’s book *Entertaining Spirits Unaware: The End-Time Occult Invasion* this material is vital for church leadership, parents and grandparents.

Victory in Spiritual Warfare - Defeating Darkness Seven Ways!

Drawing from his 2017 book, *Disarming the Powers of Darkness*, Eric outlines seven powerful tools God has given every Christian to assist us in personal victory over the Evil One.

The Errors of the Emergent Church

Alarming numbers of popular “Christian” leaders known as “The Emergent Church Movement” are abandoning historic and biblical standards. This postmodern effort to reinvent Christianity proclaims that the Church has failed in its mission, that doctrine is irrelevant, and that the very basis of Christian thinking has always been faulty. In this dynamic seminar, Eric leans heavily upon Scripture as he defines Emergent thinking and terms and concisely exposes the practical and doctrinal errors of the Emergents. Drawing the striking parallels between postmodern ideas and New Age thought and correlating how this apostate redefinition of historic Christianity is actually a part of the predicted “great falling away” (2 Thessalonians 2:3), Eric Barger explains why following Emergent philosophy is eternally dangerous for each and every person who embraces it.

Hath God Said? - Holding Onto The Bible in Troubled Times

How We Got the Bible, Why it’s True, and How We Know!

Eric Barger states: “If Jesus Christ is who He said He was, If He did what history says He did, If He died and rose from the tomb, AND IF HE PROCLAIMED SOMETHING TO BE “THE WORD OF GOD,” then those who claim to follow Him should understand, proclaim, and defend it as such. Since we’ve accepted the promise of eternal life based on the teachings of its pages, we’d best know with resounding certainty why the Bible is reliable, inspired and infallible!”

The Truth about ISLAM

Is their God OUR God? Is it really a "peaceful" religion? This session lays out the history, beliefs and practices of Islam and will address the misconceptions and media mistruths about Islam. Includes insight on how to see Muslims come to know Jesus Christ!

The Deception of Chrislam

Today, there is a growing and increasingly widespread movement inside mainline and Evangelical churches which attempts to join Islam and Christianity. Based on the premise that both religions worship the same deity, "Chrislam" is gaining followers and becoming a favorite among the politically correct. But is the basis of this movement correct? Do the Bible and Qur'an harmonize? Is Allah actually Jehovah God? Eric Barger answers these questions, debunks Chrislam's fallacies, and clearly points out the incompatibilities which forever separate authentic Christianity and Islam.

Ten Reasons Why Jesus is Returning Soon

Eric refers to this as one of the most important messages of his 3+ decades in ministry. Fulfilled Bible prophecy is the focus here, in particular the extraordinary volume of direct prophetic fulfillments in modern times. Consider that 2500 years ago the men of the tribe of Issachar knew the signs around them and how to respond (I Chronicles 12:32). Stressing the importance of understanding the times, Jesus Himself chastised the Jewish leaders for an ignorance of the signs in their day (Matthew 16:1-3). Now, the voluminous nature of the signs indicate that the return of Jesus, our "Blessed Hope," is surely just ahead! Believers cannot afford ignorance during these exciting days. *Do you know the signs?*

The Death of Discernment - How *The Shack* Became the #1 Bestseller in Christianity

This powerful message illustrates the desperate need for clear and decisive biblical apologetics in the Church today. Find out why author and Christian apologist, Eric Barger, believes that the popularity of William Paul Young's emotionally charged story, *The Shack*, signals an unprecedented lack of discernment from within Christianity. In 2008 Barger challenged Young face to face about the form of universalism promoted throughout his book. Years later, Young has finally admitted that he believes in the aberrant idea of Universal Reconciliation. But this runaway bestseller and motion picture contains other unbiblical, unorthodox theologies that continue to threaten and deceive untold numbers of both Christians and unbelieving seekers in our midst.

Universalism: Is Everyone Already Saved?

Universalism has become the "politically correct" religion of choice of many in public life today. Through the misguided ministries of a few high profile individuals, a form of Universalism known as "Universal Reconciliation" has made inroads into modern Christianity as well. In this presentation, Eric Barger defines and illustrates Universalism and examines whether it is compatible with biblical Christianity. Above all, this message clearly illustrates the biblical truths of salvation through Jesus Christ alone, the absolute need for a regenerating, "born again" experience, and the fact that eternal and unending separation from God awaits all who reject salvation through Jesus sacrificial death.

The New, *Confused* Evangelicals - Understanding Postmodernism in the Church

In this new message, Eric Barger exposes what is nothing short of a wholesale end-time abandonment of the Bible - all in the name of "Evangelicalism." Carefully detailing the players, methods, and beliefs, Eric explains how this sweeping Postmodern-Emergent redefinition has led to the rejection of the orthodox doctrines that have defined Christianity for the past twenty centuries. Thankfully, no matter what the assault or how severe there will indeed be a victorious "remnant" that holds to God and His Word! However, for the sake of souls, Bible-believers must prepare to dialog and warn others concerning this satanic strategy that's flourishing in our midst.

Are You A Faith Defender? - Giving Every Man an Answer

Has anybody ever said to you, "The Bible says" and you knew they weren't right but couldn't say why? Has a cultist ever knocked on your door? If so, how did you handle it? Do you know why you believe what you believe? Could you detect errors in the statements of others to accurately defend the faith?

In this session, Eric Barger takes us back to the very basics of our faith and teaches the need to understand Christianity through the lens of biblical apologetics with just one goal in mind - "to help us be ready always to give an answer to every man that asketh you a reason of the hope that is in you!"

Are Mormons Christians?

from eternal judgment. Besides the biblical basis for testing all religious systems, learn the facts on Mormonism, their foundation, leaders, and history.

The Proof and the Power of the Resurrection

This faith-building message debunks the agnostic theories about the bodily resurrection of Jesus Christ and examines biblical evidence, prophetic fulfillment, statistical probability and historical accounts which lead to just one conclusion – Jesus was, as He said He was – Messiah!!!
