

Christianity Re-Defined By Mormonism

**Mark Champneys is Speaking at [AFSC Meeting at Atonement Free Lutheran Church](#)

Among the most devious strategies of the Enemy is word-play. Mormonism is diametrically opposed to Biblical Christianity, yet continues to be mistakenly considered a "Christian" church. Mark Champneys will give a presentation based on his experience from both sides--as a born-and-bred Mormon, and now a Christian evangelist, explaining the devious deception of re-defining virtually all Christian terminology.

Included will be the story of his journey out of Mormonism, a review of his dual glossary of religious terms, "Christianity Re-Defined By Mormonism," and some "war stories" from 20 years of leading mission teams to Utah to witness to "his beloved people." He'll also bring you some tips on reaching your Mormon family and friends with the gospel.

[Mark Champneys](#) was born a 5th generation Mormon, the son of an LDS bishop. Now a believer, he is lay Evangelism Director with Saints Alive in Tacoma, is the King County Fair Ministry Coordinator for Child Evangelism Fellowship (CEF), and he produced and directed the film "Evolution Demolition." Mark has had the blessing of training dozens for evangelism, and, by God's grace, of leading hundreds to Jesus. The Apologetics Forum of Snohomish County (AFSC)

[Dr. Heinz Lycklama](#) and [Mr. Rob Overgaard](#) formed the **Apologetics Forum of Snohomish County (AFSC)** to help equip Christians in the defense of their faith in the postmodern world in three related areas: 1) Creation vs. Evolution, 2) Christian Apologetics and 3) Biblical Worldview. **AFSC** provides a local Forum in the North Snohomish County area for lectures and DVD programs by knowledgeable presenters on these topics. All presentations are given with the presupposition that the Bible is God's inspired Word and is accurate and inerrant in its original autographs. The Bible is a total worldview that speaks to all disciplines and areas of our life.

Studies done by [Answers In Genesis \(AIG\)](#), documented in the books [Already Gone](#) and [Already Compromised](#), show that more than 60% of youth raised in the church leave the church once they leave home. The main reasons are 1) they are looking for more answers to their hard questions, and 2) they are being indoctrinated in secularism and evolutionism. See also this [Koinonia House article](#).

Monthly **AFSC** meetings will be held at a church in the North Snohomish County area. Each meeting will include a lecture or the showing of a DVD on a topic within the scope of the Forum's mission. There will be time for discussion on the topic presented, followed by refreshments.

AFSC creates a Forum where Christians can learn from each other, ask the hard questions about our Faith, Creation and Worldview, and receive the support of a community of Christian thinkers. The Forum equips Christians with well-researched information on issues that seek to challenge the truth of Christianity as revealed in the Bible.

AFSC is run by a Board of Directors and advised by an Advisory Board whose members have knowledge in the topics discussed at **AFSC** meetings and have a strong interest in providing and supporting an environment for participants to gain well-researched information in the defense of their Christian faith.
