Evangelism 101: 10 things you can learn about Evangelism from an Atheist.

[Carl Kerby](#) is a former air-traffic controller and a creation apologist speaker who teaches how to defend the Bible against scientific naturalism. He was one of the founding board members for Answers in Genesis. After serving with Answers in Genesis for over 15 years, Carl became the Founder and President of [Reasons for Hope](#).

**What About ... Fossils!** - This entertaining talk will challenge the belief that the fossil record supports the teaching of millions of years. A proper understanding of what the 'evidence' shows in the fossil record is vital to having Biblical answers in today's world. We will cover how bias and world-views affect the way that we see the world around us.

Grow in faith -- Know it! Live it! Share it!

**Becoming Bold: Know it, Live it, Share it!**- The church is losing its next generation at an alarming rate. Anywhere from 50 to 88 percent of the young people raised in Bible-believing Christian homes walk away from the church after age 18. Carl examines the causes of this huge exodus, but then shows that by starting with the Bible, solutions can be offered to this massive problem in the church. Young people in our churches need to know how to stand uncompromisingly on the authority and accuracy of the Bible so that they can answer the skeptical questions of the age.

**Evangelism 101: 10 things you can learn about Evangelism from an Atheist!** - If we want to reach the world today with the Gospel we're going to have as many tools at our disposal as possible. One tool that everyone of us can use is, conversation! Carl uses clips from a popular TV program from Showtime featuring the entertainers Penn and Teller attacking Christianity and the Bible. Carl shows how and how NOT to answer the attacks leveled against Christians.
