

## Integrity in Science

Dr. Don Johnson is speaking at the AFSC meeting at Atonement Free Lutheran Church 6905 172<sup>nd</sup> St. NE, Arlington Friday, August 21<sup>st</sup> at 7:00 PM

"Integrity in Science" looks at the impact of unsubstantiated "science" on society and progress from a Christian perspective. This includes a review of life's computer hardware/software and the required properties of nature's fine-tuned constants and natural laws, having no naturalistic answers. Since thousands of scientists now acknowledge that Darwinism is incapable of explaining the observations, scenarios for replacing Darwinism as "truth" are evaluated. The viability of intelligent design is examined.

Global Warming, publication retractions, and other pertinent issues are discussed. The impact of unsubstantiated "science" on society is explored.

[Don Johnson](#) earned Ph.D's in both Computer & Information Sciences and in Chemistry. He was a senior research scientist and consultant for over 14 years, and taught 20 years in universities in the US and Europe. Since "retiring" as an APU (Christian university) professor, he has done consulting, speaking, and writing (4 books, including best-selling "Programming of Life," and several peer-reviewed papers). He has made Christian and secular presentations across the US and on most continents. His [www.4iam.org](http://www.4iam.org) Christian Website has links to the "Programming of Life" [PoL video](#) (over 289,000 on-line views), several video presentations and printable flyers, as well as links to his two secular science Websites. For over 20 years he believed, taught, and defended the evolutionary scenarios, until science convinced him of the bankruptcy of those beliefs.

Refreshments plus books and DVD's at the exhibits afterwards.

The [Apologetics Forum of Snohomish County \(AFSC\)](#) was founded to help equip Christians in the defense of The Faith in the postmodern world in three related areas: 1) [Creation vs. Evolution](#), 2) [Christian Apologetics](#) and 3) [Biblical Worldview](#). [AFSC](#) provides a local Forum in the North Snohomish County area for lectures and DVD programs by knowledgeable presenters on these topics. All presentations are given with the presupposition that the Bible is God's inspired Word and is accurate and inerrant in its original autographs. The Bible is a total worldview that speaks to all disciplines and areas of our life.
