

Planet of the Apes?

Chris Ashcraft is speaking
at the AFSC meeting at
Atonement Free Lutheran Church

Secular Paleoanthropologists assert adamantly that humans are the descendants of ape-like ancestors. Darwin's seminal theory led naturalists inexorably to this conclusion, but the Bible clearly states that we were created distinct from the animals and in the image of God.

This presentation examines the evidence used to support human evolution, including Neanderthals, Homo erectus, and Australopithecines. Are these ancient hominids really missing links capable of substantiating human evolution or has the truth been distorted to support the materialistic evolutionary worldview.

Chris Ashcraft is a Christian educator, creation scientist, and speaker employed as high school science teacher at Cedar Park Christian Schools where he provides instruction in Biology, Chemistry, Human Anatomy and Physiology, and Life Science.

Formerly, Chris was a research technician, specialized in plant tissue culture, and genetic transformation technology. He served as a research technician at the Cotton Fiber Production Laboratory at Texas Tech University, he then provided technical support at the Plant Transformation Facility at Oklahoma State University, and lastly was employed as the Plant Transformation Specialist for EDEN Bioscience in Bothell Washington.

He obtained a Bachelor of Science in biology from Wayland Baptist University in 1989, a Master of Science in biology from Texas Tech University in 1996, a Master of Education from the University of Washington in 2008, and a Master in Teaching Math and Science from Seattle Pacific University in 2012.

Refreshments plus books and DVD's at the exhibits afterwards.

The Apologetics Forum of Snohomish County (AFSC) was founded to help equip Christians in the defense of The Faith in the postmodern world in three related areas: 1) Creation vs. Evolution, 2) Christian Apologetics and 3) Biblical Worldview. AFSC provides a local Forum in the North Snohomish County area for lectures and DVD programs by knowledgeable presenters on these topics. All presentations are given with the presupposition that the Bible is God's inspired Word and is accurate and inerrant in its original autographs. The Bible is a total worldview that speaks to all disciplines and areas of our life.
