Description: Today's youth are bombarded with evolution teaching in public schools, planting seeds of doubt that result in many of our youth leaving the faith, with some estimates as high as two-thirds after they start attending college. View the **Debunk Evolution Classroom Promo Video** on the www.debunkevolution.com website to better understand the challenges faced by our youth.

Genesis Apologetics has recently developed a series of six short video-based lessons that debunk the eleven pillars of evolution taught in junior and senior high schools today. The program was designed by experienced professionals and reviewed by scientists at the three leading Creation Ministries in the US: **Answers In Genesis** (AIG), **Institute for Creation Research** (ICR), and **Creation Ministries International** (CMI). The training resources consist of a DVD and book on **Debunking Evolution**, along with a **Student Guide**.

Speaker: **Pat Roy** worked at the **Institute for Creation Research** (ICR) for over 12 years. In that time, he and his team conducted hundreds of interviews with leading creation scientists. It was his job to understand the scientific research and to present it to lay-audiences. Pat first began speaking for **ICR** over 20 years ago. Later, Pat and his wife, Sandy, created, wrote, and produced the **Jonathan Park Audio Adventures**, reaching an audience of millions. Now they have created a new creation-based family audio series called **Time Chroniclers**. Pat has given hundreds of presentations and hands-on workshops. Pat now serves on the board of the **International Association for Creation** and Director of **Genesis Apologetics**. His duties include research, speaking, and producing new resources to reach teens with the scientific case against evolution, and for creation. He and his wife wrote the scripts, and directed the video production of the new **Debunking Evolution** series.

Refreshments plus books, DVDs, and pamphlets at the resource tables afterwards.

The **Apologetics Forum of Snohomish County** (**AFSC**) helps equip Christians in the defense of The Faith in the postmodern world in three related areas: 1) **Creation vs. Evolution**, 2) **Christian Apologetics** and 3) **Biblical Worldview**. **AFSC** provides a local Forum for lectures and DVD programs by knowledgeable presenters on these topics. All presentations are given with the presupposition that the Bible is God's inspired Word and is accurate and inerrant in its original autographs. The Bible is a total worldview that speaks to all disciplines and areas of our life. More on **AFSC** at **ApologeticsForum.org**.
