

Some Like It Hot: Another View To Global Warming

Dr. Larry Vardiman
Friday, November 18, 2016
7:00 PM

**Meeting at
Atonement Free Lutheran Church
6905 172nd St NE, Arlington, WA**

Dr. Vardiman has degrees in meteorology and for the past ten years has been conducting numerical simulations of climate and weather during the ice age. He also conducted 15 years of field research in cloud physics and weather modification for the U.S. Department of Interior, the U.S. Air Force, and Colorado State University.
