

**Dr. Heinz Lycklama is speaking at Summit Park Bible Church  
on Sunday morning, July 16 during the Sunday School hour**

**Sunday School @ 9:15 AM:** Heinz will bring a message on **Science Truths in the Bible**. We trust the Bible for spiritual truth. Events, people and nations in the Bible have been corroborated by extra-biblical historians. The Bible has been confirmed by prophecy, archaeology, and geography. Do we trust the Bible when it makes scientific statements? There are many biblical references in different disciplines of science. The authors refer to nature and natural processes using everyday language. Their statements are amazingly accurate and often anticipate scientific insights that were not discovered by scientists until the last few centuries. The Bible is authoritative in all matters that it addresses. In fact modern science is founded on the biblical worldview.

Dr. [Heinz Lycklama](#) earned a PhD degree in Nuclear Physics from McMaster University in Canada. Since then he has worked in the telecommunications and computer software industries at Bell Telephone Laboratories in NJ and at Interactive Systems Corporation in CA - as an individual contributor and in management positions. In 1992 [Dr. Lycklama](#) formed Open Systems Technology Associates ([OSTA](#)) to offer his technology management consulting services to various start-ups in the high technology industry. In 2013 Heinz founded the [Apologetics Forum](#) to help equip believers in the defense of **The Faith**.

Dr. Lycklama has always maintained an active interest in the [Creation vs. Evolution](#) controversy. He has developed a series of lectures and courses on [Creation vs. Evolution](#), [Christian Apologetics](#) and [Biblical Worldview](#) over the years and presented the material in Sunday school classes, to college students, during church services, at Bible Schools, and other venues in Europe, Asia, Africa and North America. With his knowledge of the Bible and science, [Dr. Lycklama](#) has continued to develop and present new material in these subject matters. Many of his messages of the last ten years (both **lectures** and **sermons**) are on his website ([HeinzLycklama.com](#)) at [HeinzLycklama.com/messages](#).

The [Apologetics Forum of Snohomish County \(AFSC\)](#) was founded to help equip Christians in the defense of The Faith in the postmodern world in three related areas: 1) [Creation vs. Evolution](#), 2) [Christian Apologetics](#) and 3) [Biblical Worldview](#). [AFSC](#) provides a local Forum for lectures and DVD programs by knowledgeable presenters on these topics. All presentations are given with the presupposition that the Bible is God's inspired Word and is accurate and inerrant in its original autographs. The Bible is a total worldview that speaks to all disciplines and areas of our life. More on [AFSC](#) at [ApologeticsForum.org](#).
