

**Critical Thinking Skills That
Disarm Evolutionists
Mike Riddle speaking
at the AFSC meeting at
Atonement Free Lutheran Church
6905 172nd St NE, Arlington, WA
Friday May 19 at 7:00 PM**

Description: Evolution is a “theory” that attempts to explain the origin of the cosmos without a creator. Unfortunately, this view is guarded against scrutiny and taught uncritically in our public schools as though it were an absolute fact. Such treatment has led students to view Darwinism as the only accepted explanation for the diversity of life on Earth. This presentation encourages critical thinking about naturalism, examines the “evidence” for the theory of evolution, and in particular describes the evidence that we would expect to find if evolutionism were true.
