

## Foundations of The Faith

- The Bible is God's inspired word, inerrant in its original autographs, from the very first verse.
- The Genesis Flood was a historic event, worldwide in extent.

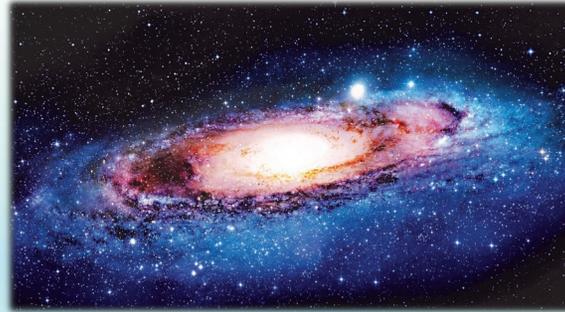

- The truth of Scripture is confirmed by archaeology, history, geography, and prophecy.
- Scientific statements in Scripture are accurate, some even anticipating scientific laws discovered centuries later.

- The Bible speaks to all areas of life: ethics, psychology, sociology, science, law, politics, economics, and history. We engage our culture by thinking biblically.

## Core Principles

- We are always to be ready to give an intelligent, biblically accurate defense of the Christian faith with gentleness and respect.

*Helping Equip Believers in  
the Defense of The Faith*

**AFSC** is a non-profit, 501(c)3 corporation

## Mission

The Apologetics Forum of Snohomish County **AFSC** helps equip Christians to defend The Faith in the postmodern world in three related areas:

- **Creation vs. Evolution**
- **Christian Apologetics**
- **Biblical Worldview**

## Why

More than 60% of church youth leave the church once they leave home (per studies by **Answers In Genesis**). The main reasons are:

- They have questions and they are not getting answers.
- They are being indoctrinated in secularism and evolutionism.

## About AFSC

**AFSC** is a Forum where Christians can ask hard questions about The Faith, Creation/Evolution and Biblical Worldview, and receive support from fellow Christian thinkers. The Forum equips Christians with well-researched information by knowledgeable speakers on issues challenging Biblically-revealed truth through lectures, DVDs, and many other apologetics resources. All presentations are given with the presupposition that the Bible is God's inspired, inerrant and authoritative Word.

**AFSC** sponsors presentations, conferences, and training seminars to schools, churches and other venues upon request.
