

## 2019 Speaker Lineup - July - December

**July 2019 - Maureen O'Kane** has been a marketing executive and motivational speaker. Her passion is to research scientific discoveries through the eyes of Scripture, believing science and faith together provide a more complete image of our Creator God. Maureen grew up believing in evolution until she read a Bible for the first time at the age of 25. Creation's straightforward story of a personal God designing each species presented a beautiful – and more logical – image of who we are in heaven's eyes.

**Aug 2019 - Ron Payne** has a B.S. degree in chemistry from the University of Washington and studied microbiology at Oregon State University. He spent 35 years in the Aerospace Industry as a Senior Principle Materials and Process Engineer. He was a Board member for the Creation Association of Puget Sound (CAPS) and also for the Mount St. Helens Creation Center. He specializes in creation tours to Mount St. Helens and Dry Falls sponsored by the Apologetics Forum.

**Sept 2019 - Mike Riddle** is an international speaker and educator on Christian education and apologetics. Mike is also an adjunct speaker for Answers in Genesis. He holds a degree in mathematics and a graduate degree in education and has been involved in creation ministry for more than thirty years. Mike currently lectures and teaches world-wide on creation apologetics, Christian education, science and the Bible, and developing a biblical worldview. He is the President of CTI.

**Oct 2019 - J.D. Mitchell** is a retired professional engineer in Oregon and Washington and has a BS in Mechanical Engineering from the University of Washington. He has also completed his Master of Biblical Studies in Biblical Creation Apologetics from Master's Graduate School of Divinity. J.D. is Executive Director of the Institute for Creation Science of Oregon, and speaks and writes regarding the creation versus evolution controversy as a part of his creation science ministry (Creation Engineering

**Nov 2019 - Paul Taylor** was born and grew up near Manchester in the North of England and taught Chemistry, Physics and Science in government ("public") schools in England and Wales for 18 years. He eventually becoming a Head of Science, with a Masters in Science Education and Management from the University of Cardiff. Since 2005, he has been a full-time creation speaker, having worked for Answers in Genesis (UK/Europe) and Creation Today. He and his wife are the Directors of the Mount St Helens Creation Center.

**Dec 2019 - Video "DNA Battles"** is a documentary about the science of DNA mutations and its implications on Adam and Eve and effects on the integrity of the Bible. With seven scientists and two theologians interviewed this 1-hour documentary is compact and needed for today's modern controversy over the existence of Adam and Eve. A common expression among Christians is that they don't feel creation is of critical importance. **DNA Battles** takes on this attitude with full force. For all that cares about the Bible, about what Jesus said, and about the integrity of scripture.
